

WELDCO

MIG225

MIG/MMA/TIG
INVERTER WELDER

The WELDCO MIG225 is the ideal multi-process welder utilising the latest inverter technology ensuring professional results every time. Stepless voltage and wire speed deliver optimum control over the arc and weld pool. For use with either large D300 15kg or portable D200 5kg spools, whilst only weighing in at 15kg. Optional spool gun for Aluminium, stainless steel, and silicone bronze. Ideal light fabrication, maintenance and repairs or weekend warrior, without compromising on quality or safety.
